

CHORUS

One instruction at a time
will guide me through the grid,
try putting the steps on rime
all correct, is it what I did?

–, Am I right or am I wrong,
are the steps in correct order,
is it right first or was it left,
was it stop now or go ahead?

1 - Getting up

Oh, what a noise, Bobby's too late.
Quickly get up, on your way to school?
Off the alarm, Bobby gets started
planning to speed up the morning routine
First, out of bed, open the curtains
then taking the pee-jays off and wash
Towelng to dryness, ready to dress
walk down the stairs, into the kitchen

2 - Going to school

Hurry, making both breakfast and lunch
eating and drinking, then put on a coat
Open the door and leave the house
quick, turn right and stay on the (safe) side
it is two rights and then straight ahead
cross the street, wait until it is safe
Pass the blue kindergarten on the right
the entrance to school is at the left.
